

If you've ever dreamed of flying,  
now's the time to act!

Here's your opportunity to take a free introductory  
flight as part of our Eagle Flights program.

It's simple. Here's how it works.

- Talk with your child's Young Eagles pilot or a member of the local EAA chapter about your interest in flying.
- Schedule a free, no-strings-attached Eagle Flight with a participating pilot.
- Take to the sky and discover the fun, freedom, and excitement of flying your own airplane!

## EAA: Welcome to the World's Most Passionate Aviation Community

We're a group of pilots and aviation enthusiasts who get together with like-minded people to enjoy a variety of events and activities, including fly-ins, picnics, workshops, Young Eagles rallies, and more.

Whether you're thinking about flying or you simply enjoy airplanes and aviation, you are welcome to attend our events and join our community!

Visit [EAA.org/EagleFlights](http://EAA.org/EagleFlights) for more ways to engage in the world of flight.
